

Is finding useful information in your system like looking for a needle in a haystack? Or is the real issue what stack to look in using what tool?

Whether it's quick status information or a presentation-quality report, Sage MAS 90 and Sage MAS 200 ERP have the reporting tools that you need. Providing multiple levels of standard and custom reports, the application can give you virtually any report you need to run your business. So how do you know which tool to use for which reporting job? Join us for our first client webinar of 2008 to learn about each Sage MAS reporting tool and under what conditions each works best.

We will look at when and how you might use the following tools to make rich information out of data:

- Business Insights Dashboard
- Business Insights Explorer
- Standard Reports
- Custom Reports using Crystal Reports® and Business Insights Explorer
- Financial Reporting using Microsoft FRx Desktop and General Ledger Financials

Business Technology Solutions provides monthly client educational web based seminars (Webinars) as a free service to our clients to keep you informed on how to be more successful and how to take advantage of specific technology and changes in the business environment. We welcome your participation and input.

Business Technology Solutions has been named as a Technology Pacesetter for the sixth year in a row by Accountants Media Group the publishers of Accounting Technology, Accounting Today, Practical Accountant and WebCPA.
